MEMO TO RECIPIENTS OF 8 JULY DRAFT ✓

SUBJECT: FRANCE IN THE SEVENTIES

1. This is a free wheeling first draft which I hope we can put into shape as a free wheeling last draft at a substantive coordinating session later this week.

2. As you review this text you will note that certain subjects have been handled improperly or inadequately. You also will find that certain important questions are not discussed at all. I would be much obliged if you would put pencil to paper on such occasions and draft new and/or alternate text for a meeting on Thursday or Friday (16th or 17th) -- I'll confirm later.
